July 28, 2009

To All Chapter Advisors,

As you have heard by now, DeMolay International has joined into a 3 year partnership with Relay for Life.

The Relay for Life program is off and running around the world and it is time to get started in Texas! Please utilize the "Relay for Life Service Log" (located on www.texasdemolay.org) to track your participation in your Relay for Life programs. The hours worked for Relay for Life can be applied toward the President's Volunteer Service Award program should you wish to utilize that award program. More information on it can be located at <http://www.presidentialserviceawards.gov>

Throughout "DeMolayland", jurisdictions are establishing a point person to serve as the coordinator to compile all the tracking forms for the individual jurisdictions. Dad Clampitte has asked that I serve as his Relay for Life Chairman. Texas DeMolay has a goal of \$2000. If each Chapter does their part, we can do much, much more!!!

For ideas on what you can do for the relay or even how to start one, look at their web site at <http://www.relayforlife.org>.

We have been informed that each relay handles its own tee shirt design and you will have to work with your local relay coordinator to get the DeMolay Emblem on the shirt. I suggest you locate the relay nearest you and get in contact with the coordinator as soon as possible. Please let me know the date and location of the relay you will be participating in. If there is not a relay in your area, consider allowing your Chapter to start one. After your relay, please send me a copy of the worksheets, photos, etc so we can present your efforts to DeMolay International.

Feel free to contact me with any questions.

Thank you for your participation and helping to stamp out Cancer in our lifetime!

Sincerely,

Felest Ingersoll
